

## TECHNICAL DATA SHEET

### SECUMAX 150 NO. 150001

#### Safety technology

#### Concealed blade – a maximum degree of safety

The SECUMAX 150 blade is not an open one, but is hidden from people and goods. This provides you with a maximum degree of safety from cut injuries and from damage to goods.

#### DISPOSABLE SAFETY KNIFE WITH CONCEALED BLADE. FOR CUTTING, SCRAPING AND SCORING.

**Order No.** 150001.12

#### Full points in three regards.

The SECUMAX 150 resolves several issues in one. With its concealed blade, you will never have to worry about injuring yourself or damaging your goods. Thanks to its versatility, you only need the one tool to cut, scrape and split. And with its 24 grams and ergonomic design, the SECUMAX 150 won't weigh you down with fatigue after a day of cutting. In short: it is the cutting tool you have been waiting for.

#### 3-in-1 blade head

The SECUMAX 150 fits like a glove. It's so comfortable to hold, that it feels like an extension of your hand. With it you can cut cardboard, split tape, open plastic strapping... you can even scrape residue off surfaces.

#### Concealed blade

This safety knife doesn't need a sharp tip to be a smart knife. The cutting head is flat and relatively small, the two noses on each side have the perfect length to protect, and both cutting edges are wide enough to safely and effortlessly cut 2-ply cardboard.

#### Clever guide surfaces

Another reason why the SECUMAX 150 can cut through cardboard so easily? The guide surfaces located right at the front of the safety knife help you to cut at an angle. Angled cutting means less material resistance!

#### No blade change

The SECUMAX 150 is a disposable knife. The blade can neither get lost nor injure you during blade change. When the time has come, you can easily dispose of the SECUMAX 150 with your residual waste.

#### Ergonomically shaped

Right handed? Left handed? It's really all the same. The SECUMAX 150 fits perfectly in any hand. Gently arched outer edges, coupled with light ribbing and a low weight, ensure an ergonomic experience.

## USAGE

## PRODUCT FEATURES

### Technical features

Knife size (L x W x H)	148 x 11 x 37.2 mm	Size outer pack	154 x 113 x 40 mm
Weight knife	24.4 g	Weight outer pack	295.0 g
Basic material	Glass fibre reinforced plastic	EAN Code outer pack	4002632972133
Cutting depth	6.2 mm	Customs tariff number	82119200

## SAFETY CERTIFICATE

Date of issue	09.07.2018
Certification	GS certificate NO. 603686-6707-55094-2018

### Certificates and awards

## SAFETY INSTRUCTIONS

To ensure that you use your new MARTOR knife safely and most effectively, please read and note the following user-instructions. Please keep the written guide in a safe place so that you can access it at any time.

**1. General application instructions:** Please always use the product carefully for manual cutting work only and not for any purposes other than those that are intended. Please take the correct handling and the proper use of the knives into account in this regard. As an additional safety measure, we recommend the wearing of safe gloves.

**2. Special application Instructions to avoid the danger of injuries:** Only use cutting tools that are in perfect condition and have sharp, clean and undamaged MARTOR blades. Employ the utmost care when handling the knives. Prior to use, familiarise yourself with the safety features and their functioning. Ensure that these safety features are not impaired by the type of material to be cut. CAUTION: The blade is sharp and can result in serious and deep cuts. Therefore, never reach into the blade! Do not place your free hand in the line of cutting and never cut directly towards you.

**3. Replacement of spare parts:** This knife is a disposable product. It is not designed to have its blades changed or any other of its components replaced. If the knife shows signs of aging or any other wear, e.g. which impair the safety features or usage, the knife must be taken out of service and replaced. Do not modify this product in any way. Modifications of any kind may impair product safety. CAUTION: The risk of injury caused by manipulation of this product is extremely high.

**4. Non-use of the knife:** Always secure the blade in such a way (depending on product type) that injuries due to cuts are excluded. Store the knife in a secure place.

**5. Care instructions:** To guarantee a long service life, always keep the knife clean and do not expose it to unnecessary soiling and humidity.

**CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This knife does not belong in the hands of children!**

## ACCESSORIES

---

### BELT HOLSTER S WITH CLIP NO. 9920

What do you do with your cutting tools when you are not actually using them? The MARTOR BELT HOLSTER S is a robust holder that allows you to carry all compact MARTOR knives as well as our safety scissors at all times. In addition, the compartments are designed to allow you to load different tools: for example you can also carry a pen or a pack of blades. The MARTOR BELT HOLSTER is the ideal place to stow your tools safely when moving from A to B - and have them at hand, as soon as they are required.
